34. Ms. Lalita	J.S.S (GNM Intern)	Lalita

**Ganiyari Teaching Course Evaluation**  
**Regional anaesthesia and Critical care update**  
**(7<sup>th</sup> Feb 10<sup>th</sup> Feb 2017)**

**Instructions to Participant:**

Thank you for participating in this ISTC training. In this feedback form, there are no WRONG or RIGHT answers. You do not need to put your name on this form – your responses are anonymous. Please respond to ALL the questions below to help us to improve the curriculum, training materials, and the conduct of the training.

Indicate below, on which days you attended this training (check all that apply)

☒ All Days \_\_\_ Day 1 \_\_\_ Day 2 \_\_\_ Day 3 \_\_\_ Day 4 \_\_\_

For each item below, please circle only a single appropriate response.

	RESPONSE		
	NOT AT ALL	SOMEWHAT	VERY MUCH
1. The training was well organized.	0	1	2 ✓
2. The training sessions were relevant to my needs.	0	1	2 ✓
3. The presenters were well prepared.	0	1	2 ✓
4. The presenters were receptive to participant comments and questions.	0	1	2 ✓
5. The exercises helped me to learn the material.	0	1 ✓	2
6. There was enough time to cover all materials.	0	1	2 ✓
7. The training enhanced my knowledge and skills	0	1	2 ✓
8. I expect to use the knowledge and skills gained from this training.	0	1	2 ✓
9. The evaluation forms were simple to use.	0	1	2 ✓
10. The training facilities were adequate.	0	1	2 ✓
11. I would recommend this training course to a colleague.	0	1	2 ✓

Please reflect on the training that you just completed and respond to the following:

1. What part of the training was the most useful for your work?
  - CPR as a team demonstration & practice.
  - Regional Nerve Blocks.
2. What part of the training was the least useful for your work?
  - 'EGDT' used many advanced parameters that are not available in resource poor settings.
3. Please list three ideas or lessons that you learned during this training that you will take back to your worksite/practice.
  - a. Avoid excess fluids in pre-eclampsia & eclampsia.
  - b. Use of LMA.
  - c. Regional Blocks for surgery & analgesia.
4. What information/topics should be added to this training?
  - More time for sepsis and appropriate for the low resource setting.
5. The technical level of the material covered in the workshop was: (circle one)  
Too basic      Just right      Too difficult/too technical
6. How could the course be improved?  
—
7. Other comments:  
Thanks a lot for nice workshop, would recommend organising it at regular intervals, may be yearly or biannually at least.  
Jf  
Thank you for completing this form!

**Ganiyari Teaching Course Evaluation**  
**Regional anaesthesia and Critical care update**  
**(7<sup>th</sup> Feb 10<sup>th</sup> Feb 2017)**

**Instructions to Participant:**

Thank you for participating in this ISTC training. In this feedback form, there are no WRONG or RIGHT answers. You do not need to put your name on this form – your responses are anonymous. Please respond to ALL the questions below to help us to improve the curriculum, training materials, and the conduct of the training.

Indicate below, on which days you attended this training (check all that apply)

All Days ☒ Day 1 ☐ Day 2 ☐ Day 3 ☐ Day 4 ☐

For each item below, please circle only a single appropriate response.

	RESPONSE		
	NOT AT ALL	SOMEWHAT	VERY MUCH
1. The training was well organized.	0	✓ 1	2
2. The training sessions were relevant to my needs.	0	1	✓ 2
3. The presenters were well prepared.	0	1	✓ 2
4. The presenters were receptive to participant comments and questions.	0	1	✓ 2
5. The exercises helped me to learn the material.	0	1	✓ 2
6. There was enough time to cover all materials.	0	✓ 1	2
7. The training enhanced my knowledge and skills	0	1	✓ 2
8. I expect to use the knowledge and skills gained from this training.	0	1	✓ 2
9. The evaluation forms were simple to use.	0	1	✓ 2
10. The training facilities were adequate.	0	1	✓ 2
11. I would recommend this training course to a colleague.	0	1	✓ 2

Please reflect on the training that you just completed and respond to the following:

1. What part of the training was the most useful for your work?

All parts .

2. What part of the training was the least useful for your work?

Nothing .

3. Please list three ideas or lessons that you learned during this training that you will take back to your worksite/practice.

- a. Using laryngeal mask airways .
- b. Improved CPR technique .
- c. Placing tracheostomy tubes .

4. What information/topics should be added to this training?

More on drugs used and ECGs .

5. The technical level of the material covered in the workshop was: (circle one)

Too basic

Just right

Too difficult/too technical

6. How could the course be improved?

Drugs and ECGs .

7. Other comments:

- Can attend this kind of training for hours & hours .  
Thank you .

Thank you for completing this form!

11. I would recommend this training course to a colleague.	0	1	2

Please reflect on the training that you just completed and respond to the following:

1. What part of the training was the most useful for your work?

All of it was useful

2. What part of the training was the least useful for your work?

none

3. Please list three ideas or lessons that you learned during this training that you will take back to your worksite/practice.

a. Use of LMA during anaesthesia

b. Regional analgesia utility

c.

4. What information/topics should be added to this training?

Some more details on <sup>managing</sup> difficult intubation  
Ventilation basics could also be covered

5. The technical level of the material covered in the workshop was: (circle one)

Too basic

Just right

Too difficult/too technical

6. How could the course be improved?

may be separate courses for health workers  
and doctors if time permits for different  
levels

7. Other comments:

overall a useful and well conducted workshop
